

Provecta™ Aliphatic

FSA3295+30

Provecta™ Aliphatic technical film has non-yellowing characteristic which can remain its great physical properties under UV light exposure. It can be applied on outdoor sporting goods and tent windows that require high light transmittance.

Features:

- Aliphatic / Non-yellowing
- High transparency
- Great physical properties

Applications:

- Outdoor sporting goods
- Tent windows
- Medical devices
