

Provecta™ Aromatic

FS2865

FS2865 is an ester-based high hardness technical film with excellent abrasion resistance. It is designed to deliver excellent durability across a range of applications such as sheet materials, a bladder and shoe pads.

Features:

- Ester-based technical film
- High hardness (65D)
- Great abrasion resistance
- High temperature resistance
- Great tear strength

Applications:

- Medical devices / products
- A bladder
- Shoe pads

Hardness	Specific Gravity	Tensile Strength	Tear Strength	300% Modulus	Elongation	Melting Point
